7.4 Transaction outside trading limits

(a) **When offer to deal may not be accepted**

- (iii) where the Client does not have sufficient funds in the relevant Account to satisfy a Margin Requirement (where required in relation to that type of Transaction); or
- (iv) in other circumstance specified from time to time by PKF Capital,

the Client acknowledges and agrees that its offer will or may be rejected by PKF Capital.

(b) **“Greying out”**

Where an Electronic Trading Platform is used, this rejection will or may be indicated by an offer being “greyed out”.

(c) **Automatic revocation of offer**

PKF Capital is entitled to;

- (i) change any Minimum Trading Size or Maximum Trading Size;

(a) **Notice of error**

- (i) If the Client wishes to assert that a Transaction has been entered into (whether or not confirmed by PKF Capital) at a price or rate which was, or ought reasonably to have been, known to either party to be materially incorrect at the time of the Transaction, the Client is to give notice to PKF Capital within one hour after the Transaction or purported Transaction was entered into.
- (ii) If PKF Capital wishes to assert that a Transaction has been entered into (whether or not confirmed by PKF Capital) at a price or rate which was, or ought reasonably to have been, known to either party to be materially incorrect at the time of the Transaction, PKF Capital is to give notice to the Client within three Business Days after the Transaction or purported Transaction was entered into.

(b) **Determination of materially incorrect**

If notice is given under paragraph (a), PKF Capital, acting reasonably, is to determine whether the price or rate quoted was materially incorrect.

- (ii) that Transaction is deemed to have been void from the outset;

- (iii) PKF Capital will endeavour to execute a Transaction (in same quantity and currencies) between PKF Capital and Client on or close to the prevailing market prices but subject to the PKF Capital Spread and any per trade or per lot commission and/or fees charged by PKF Capital;
- (iv) this may or may not adversely affect the Client's realized and unrealized gains and losses;
- (v) PKF Capital is not liable for any resulting errors in the balance(s) published for the Client's Account and reserves the right to make necessary corrections or adjustments to the Account involved; and
- (vi) any dispute arising from such quoting errors will be resolved on the basis of the fair market value, as determined by PKF Capital acting in a commercially reasonable manner, of the relevant Currency at the time such an error occurred. In cases where the prevailing market rates plus the PKF Capital Spread represent prices different from the rates PKF Capital has quoted, PKF Capital will make a commercially reasonable effort to contact the Client (including verbal notification to the extent possible) and will endeavour to execute trades on or close to the prevailing market prices, subject to the PKF Capital Spread.

7.6 Transaction outside PKF Capital Spread

(a) PKF Capital not bound in certain circumstances

- (i) fails to show changes in the PKF Capital Spread that have occurred since the Client first made the relevant offer to deal; or
- (ii) in any other way results in a Transaction being based on an abnormal price in relation to the then-current market or trading conditions,

PKF Capital is required by law to make any payment on account of Tax (other than Tax on its overall net income) on or in relation to any amount received or receivable by it under this Agreement,

the amount in respect of which that deduction, withholding or payment is required to be made is to be increased so that PKF Capital actually receives and retains (free from any liability in respect of any deduction, withholding or payment) a net amount equal to the amount that it would have received and retained had no deduction, withholding or payment been required to be made.

if, on any date, the aggregate amount payable by one party exceeds the aggregate amount that is payable by the other party in the same currency, then, on that date, the amounts payable by each party to the other party are to be paid or satisfied by payment of the net amount of those obligations by the party having a net debit to the party having a net credit.
